Stay Safe Online Checklist 🛡️

✅ Basic Safety Tips

- Think before you click on any unknown link 🔗
- Use strong and unique passwords for different accounts
- Enable 2-factor authentication (2FA) wherever possible
- Do not share personal details like OTPs, passwords, or ID proofs
- Avoid using public Wi-Fi for important logins (banking, email, etc.)

💸 UPI / Financial Safety

- Never enter your UPI PIN to receive money (PIN is only for sending) ❗
- Do not accept unknown payment requests from strangers
- Double-check UPI IDs before sending money
- Avoid installing screen-sharing apps suggested by unknown callers

📱 Social Media Safety

- Keep your social media accounts private
- Do not overshare personal information (phone number, address, etc.)
- Be careful while talking to unknown people online

🚨 In Case of Cybercrime

- Report immediately on the National Cyber Crime Portal: cybercrime.gov.in
- Call the Cyber Crime Helpline: 1930 📞
- Inform your bank quickly if any financial fraud happens

Staying aware and alert is the best way to stay safe online 👍
